

# Startup Funding Club closes its 2016 Funds with another 16 investments

FOR IMMEDIATE RELEASE

11 January 2017

---

Startup Funding Club has successfully closed the second tranche of its two 2016 SEIS Funds – the generalist SFC SEIS Fund and the specialist Fintech SEIS Fund – with a total of 16 new investments.

Sixty-seven companies have now received funding from the Startup Funding Club Funds since 2014, which further strengthens SFC's position as a leading early-stage investor in the UK. More information on the SFC portfolio and process to invest in the SFC Funds can be found on [seisfund.com](http://seisfund.com).

Startup Funding Club, awarded with the 2016 Lead Syndicate of the Year Award by UK Business Angels Association, combines its Angel Syndicate with the Startup Funding Club Fund to act as a facilitator for young British businesses to receive funding. The firm specialises in SEIS investments, and allows High Net Worth and sophisticated investors to support high potential start-ups either directly or through a diversified managed portfolio approach.
